A Note from Your Advisor

Dear David Arnold,

It is hard to believe it has already been 12 months since you settled on 33 Batman Street. What a first year it has been.

The headline result speaks for itself — your property has grown in value by an estimated \$45,000 since settlement in August 2025, representing a 5.6% capital gain over 12 months. This provides a strong foundation for the next stage of your property strategy.

Altona Meadows recorded modest growth towards the end of 2025. While the broader Melbourne market has experienced some softening in 2026, this is viewed as part of the market cycle, with conditions expected to improve over time as buyer confidence strengthens and the market moves towards its next growth phase.

The property is currently earning \$610 per week, in line with the rent achieved at purchase.

This report gives you a clear, honest picture of where your investment stands today — what it is worth, what it is earning, and what the market around it is doing. It also outlines how your equity position could support a conversation with your mortgage broker and the next purchase in your property journey.

We are proud of the result we have achieved together, and we look forward to helping you build on it. As always, we are just a call away.

Warm regards,

Julian Khursigara
